

Having trouble getting your little one motivated to brush their teeth?
Here's some apps that can give you a much needed boost:

Bring more fun to your daily brushing routine with Disney Magic Timer by Oral-B!

Now featuring twenty-three of your favorite Disney, Marvel and Star Wars characters, use this app to seamlessly encourage your kids to brush longer.

Longer, happier brushing for your little one is just a download away!
This app is available for iOS and Android.

Denny® Timer is a visually instructive, animated timer that teaches children how to brush their teeth properly and thoroughly during the recommended 2-minute time. Denny® Timer also makes brushing teeth more fun!

- You can select a regular or electronic tooth brush.
- Denny and animations guide you during brushing teeth – a proper, careful brushing keeps your teeth healthy!
- You can set Denny® Timer to remind you to brush your teeth at the desired time in the morning and evening – Denny is a handy helper for the daily routine!

Denny® Timer has been developed in co-operation with dental health experts. Our research results highlight that 90% of children, who use Denny® Timer, learnt to brush their teeth better, longer and more carefully! This app is available for iOS and Android.

This game makes children enjoy brushing teeth.

Once you hold a toothbrush and face the camera, you will be transformed into a hero with iron war helmet on.

You can attack the monsters by brushing your teeth.

Aiming to let children get into the habit of brushing their teeth neatly, we made this app to level up the attack power as you brush your teeth from various angles.

Makes you want to try over and over. After playing the game, you will get "hero cards" depending on how many coins you acquired, and can level up your attack power. You will be able to beat more monsters.

This app supports your mind to brush your teeth proactively by a simple rule that the more you play, the stronger you will be, and go to the next stage. Best stages and get new hero gear! This app is available for iOS and Android.
